In order to provide as many environmentally sound recycling and disposal options for residents of Oneida and Herkimer Counties, the Authority has two facilities: EcoDrop Utica, and EcoDrop Rome. These facilities were designed to work jointly with a wide range of public and private waste collection systems by providing convenient disposal options for special or one-time waste, while also providing an option for residents who may not be able to subscribe to a specific collection system. Accepted Year-Round

Electronic Recycling Program

Residents of Oneida and Herkimer Counties in 1988 created the Oneida-Herkimer Solid Waste Authority (OHSWA) to compost green waste. The Authority also operates a green waste composting facility that produces composted materials for the residents of Oneida and Herkimer Counties.

Green Waste & Compost

Residents may deliver green waste and purchase compost at the Authority’s EcoDrop Utica or EcoDrop Rome facilities. Solar Farm, they operate in Oneida County. OHSWA is a non-profit corporation that serves the residents of Oneida and Herkimer Counties.

Finished Compost Available

In addition to drop-off of green waste, residents may purchase Authority compost at both EcoDrop Utica and EcoDrop Rome. The compost is made from green and yard waste.
