Dear Village of Mohawk Resident,

I am very pleased to announce the Village of Mohawk's new recycling collection program. The goal of the new program is to increase recycling and make collection more efficient in the Village of Mohawk. Through recycling, we are able to conserve landfill space, raw materials, and energy. Through the use of the new recycling carts, we can reduce litter and help beautify the village.

Households that utilize the Village of Mohawk garbage bags or the cart system will receive a new cart for **recyclables**. Distribution of the new carts will take place at the end of January. The carts are property of Spohn Disposal and are not to be transferred to another location. All recyclable items must be placed loosely, with no plastic bags, string, or twine, inside the new recycling cart with the lid closed to be eligible for weekly pick-up. **Do not place garbage/trash in the recyclable carts.**

Remember to mix all recyclables (paper, plastic, metal, & glass) in your new car labeled "RECYCLING". Each recyclable cart is clearly labeled depicting acceptable recyclable items. Recyclable items must be placed in your recycling cart loosely, **with no plastic bags, string, or twine.**

Included with this letter is information that will guide you and your family through the new recycling and trash collection process. Also included are the updated Village of Mohawk Solid Waste and Recycling guidelines. Please keep the information handy as it contains answers frequently asked questions, telephone numbers, and website information.

Thank you in advance for your assistance with this new recycling initiative.

Sincerely,

James M. Baron
Mayor
